

Sexey's Sixth Series:

Shadow a Sixth Former

About the Series:

We know that choosing your options can be daunting, so we have set up a series of taster sessions to help you make your decision.

The following pages introduce you to a group of current Sexey's Sixth Formers who are taking a range of different subjects. We are currently taking bookings for taster sessions with them so that you can get a better sense of what it will be like to learn those subjects, and a feel for life at Sexey's Sixth.

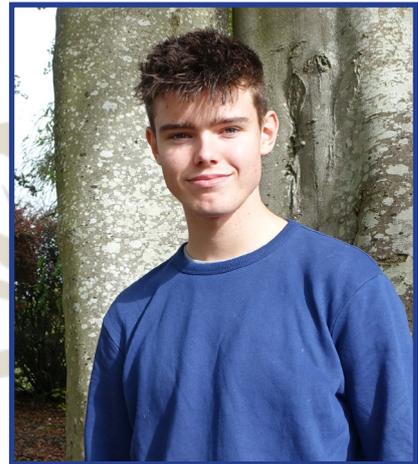

The day will also incorporate an opportunity to speak to members of the Sixth Form staff and discuss your options.

We look forward to helping you with the next stage of your education. Please don't hesitate to speak to Mrs Stallion, Sixth Form Admissions Registrar at the Open Evening, or contact her on 01749 813393/ sixthformadmissions@sexeys.somerset.sch.uk to arrange a taster session.

Sexey's Sixth Series:

Shadow a Sixth Former

About me: Harrison

I'm Harrison and I joined Sexey's Sixth from King Arthur's Academy. I'm studying History, Geography and Sociology, which was a subject I hadn't studied before starting Sixth Form. It's been easy to settle in; there were plenty of other Sixth Formers starting at the same time so it was easy to make friends. And everyone was in the same boat when it came to starting Sociology for the first time. It's been great to learn something new.

What's been the best thing about Sexey's Sixth so far? It's great to have our own space, with a cafe, to hang out with friends. There's talk about a Sixth Form trip and plenty of careers opportunities, including an upcoming UCAS conference, talks and tailored advice.

Join me to:

- Get a taste of what life is like at Sexey's Sixth
- Sample our food in the KDR or from the Sexey's Sixth 'Hot Hatch'
- Try out some of our Humanities subjects, including:

History

Geography

Sociology

Sexey's Sixth Series:

Shadow a Sixth Former

About me: Bluebelle

I'm Bluebelle and I joined Sexey's Sixth from Ansford Academy. I'm studying BTEC PE and Psychology, although I started out studying Biology. It wasn't the subject for me, so I changed to Psychology but the team here made it so easy to swap.

I feel secure and happy at Sexey's Sixth. I've already experienced the bespoke support and care they provide and everyone is so welcoming. I also like the independent study sessions and the opportunity to wander in to town (provided you sign out!). Everyone knows you here; it's just the right size.

Sexey's Sixth Series:

Shadow a Sixth Former

About me: Hannah

I'm Hannah and I joined Sexey's Sixth from the Park School. I'm studying Drama, Photography and Psychology, so I'm learning things that I had never studied before. I didn't really know what to expect, but I read the subject overview provided by the team at Open Evening and went for it! I'm really glad that I did.

It's a lot more work than I had at GCSE, but I feel really supported here. Sexey's is bigger than my previous school, but it's been easy to make friends and to find my way around. Everyone's really friendly!

Sexey's Sixth Series:

Shadow a Sixth Former

About me: Louis

I'm Louis and I've boarded at Sexey's since Year 8 - my parents live in France. I'm focusing on the Sciences for A Level and I'm really enjoying it - it makes a big difference, being able to focus on the subjects that you enjoy most.

There's more time, and more freedom, in Sixth Form. I enjoy having more opportunities to pursue my own work and the dedicated Sixth Form space is a bonus too, for those of us who are used to being at Sexey's. It certainly feels like a change from the lower school!

Sexey's Sixth Series:

Shadow a Sixth Former

About me: Abe

I'm Abe and I decided to stay on at Sexey's Sixth because I knew the subjects I wanted to do and the teachers that would be helping me through A Levels. I really love it - there's more independence and more respect from the teachers once you reach Sixth Form. The dynamic changes and they talk to you like adults, rather than 'teaching' at you.

I found the subjects a big leap from GCSEs initially, especially in Physics. There's more work, but you're doing the subjects you love, so it's ok. Politics is really fun!

My best advice to those joining Sexey's Sixth for the first time is to mingle early on. There are also plenty of people to ask for help - don't be afraid to do that!

Sexey's Sixth Series:

Shadow a Sixth Former

About me: Lola

I'm Lola and I wanted to stay at Sexey's for Sixth Form because it feels so familiar. I started by taking Biology, French and Psychology, but swapped to Photography a few classes in, as I just wasn't enjoying it as much as I'd hoped. I was well supported in the process and I'm really happy with my subject choices now!

My advice to anyone starting at Sexey's Sixth would be to throw yourself into it. There are team building and celebration events at the end of each term and lots of opportunities to socialise. Also, make sure you keep on top of the work!

Sexey's Sixth Series:

Shadow a Sixth Former

About me: Elsie

I'm Elsie and I joined Sexey's this year from Gillingham School. I've found it really easy to adjust here, mainly because I made friends on the induction day and stayed in touch with them over the summer holidays. I'm studying History, Government & Politics and English. These weren't what I'd necessarily expected to take, but fit best with the option blocks and the Sixth Form staff gave me great advice on what would set me in good stead for the future.

I'm following the Sexey's Sixth HE+ programme, as I would like to apply to Oxbridge, and know they have a great success rate for Russell Group universities here. I'd definitely say: Take the Leap! It's great here.
