

SEND Response to Covid-19 – Working with External Agencies

When seeking support from external agencies, such as the Educational Psychology Service, Speech and Language Therapists, Sensory Impairment teams etc., written consent is required from parents/carers including a signature. Where this is not possible during school closures, written consent is obtained via email to the parent/ carer's email address that is held on school file. Where a parent/ carer does not have an email address, verbal consent is obtained through a phone conversation with the SENDCO or SEND administrator and evidence is held on file.
